Educational Activities: Selected

Current and continuing -- major teaching activities in my field

- 1988-Pres. **Director and sole instructor of the Graduate Biostatistics I course for**

Masters and Ph.D. students at Drexel University College of Medicine in the Biomedical Graduate Program. Biostatistics I is offered every year.

- 1992-Pres. **The resource faculty member responsible for statistics and epidemiology in PIL**, which is Drexel University College of Medicine's problem-based learning track for medical students.
- 1997-Pres. **Facilitator and Statistics Block Director in the School of Public Health's problem based curriculum**. Since 2003 the role has become Block Director and instructor, as the problem-based features have been removed from statistics instruction.
- 1999-Pres. **Director and primary instructor for the Principles of Medical Research course** for medical students at Drexel University College of Medicine. (I had been co-director since 1986).

Current and continuing -- electives, short courses, and invited classes.

- 1990-Pres. **Co-Director, now sole director (1999-) of the Clinical Epidemiology Elective (Student Journal Club)** for medical students at Drexel University College of Medicine.
- 1995-Pres. **The statistics instructor in the annual Fundamentals of Medical Research course** at Drexel University College of Medicine for faculty, especially fellows and researchers.
- 1998-Pres. The statistics instructor in the Department of Physical Therapy's Research Methods course for entry-level physical therapy students, College of Nursing and Health Professions, Drexel University. Note that there are a few years when someone else taught the class, or part of it.
- Ongoing **I give internal invited talks** to various groups throughout the year. Typically, several to the residents and fellows in Nephrology, one to Internal Medicine fellows, and one to the fellows in a division at St. Christopher's.
- 2002-Pres. **Statistics instructor at Philadelphia University**: About 10 hours of introductory material, for which my Drexel department receives salary support payments.

Facilitating and other activities not related to my field.

- 1993-Pres. **Small group facilitator in PIL**, Drexel University College of Medicine's problem based learning track.
- 1993-Pres. **Facilitator for Individual Progress Assessment exams in PIL**.

Thesis committees and major advising

- 1997 - **Thesis committee member for students in Physical Therapy**: I sat on thesis committees for 14 students between 1997 and 2007, giving advice on research design and statistical analysis. As of July 2009, I am on one active committee.

- 2000 - **Thesis committee chair** for Community Based Masters Project students in the Drexel SPH. I had 2 students working with me in the class of 2001 and 2 in the class of 2002, working with numerous others on a consulting basis. The class of 2003 had no students in my area, but several approached me for advice and consultation. Two in most classes since the class of 2004.
- 2006- **Advisor and project chair** for Executive Program Students in the Drexel SPH. I typically have 2-3 active students at any given time. The major task is to review their culminating project, which is a major paper, not quite at the level of a thesis.
- 2008- **Dissertation Committee member** for students in DrPh and PhD programs in the Drexel SPH. As of July 2009, I'm on three DrPh committees and one PhD committee.

Previous educational activities

- 1978-1982 Teaching Assistant responsible for several introductory statistics courses for Psychology students at Temple University.
- 1984 Director of the computer course for Masters and Ph.D. students at MCPHU, mainly covering the use of the VAX-VMS operating system and SPSSX.
- 1982-1985 Guest lecturer in the Principles of Medical Research course (first year medical students) and Graduate Biostatistics course (Masters and Ph.D. students) at MCPHU.
- 1993 Primary instructor in the statistics portion of Hahnemann's Medical Decision Making course for medical students. (This was before the merger -- I was brought in because no internal resource was available).
- 1996-1999 Co-Director and one of two primary instructors for the Principles of Medical Research course for medical students at Drexel University College of Medicine. In 1999 I became sole director (see above).
- 1987-1997 Substitute small group leader in medical ethics course at MCP Hahnemann. This role typically required my services in 4 - 5 of the 9 classes.
- 1996-2002 Facilitator for Culture and Communication Day, for second year medical students at Drexel University College of Medicine.
- 1996 Instructor in Board Review class for Hahnemann track upper class medical students, MCPHU.
- 1986-1999 Co-director, responsible for statistics section, of the Principles of Medical Research course for medical students at MCP Hahnemann School of Medicine. (As of 1999, sole director. See above).
- 1999-2004 The statistics instructor in the Epidemiology and Biostatistics course for

laboratory animal science students, Drexel University College of Medicine. As of 2005, the class was merged into another class.

2004 Instructor to Philadelphia Health Management Corporation in a series of brief, introductory statistics talks.

Grant support in consultant role

Numerous smaller grants, and some larger ones, in which money was budgeted for a consultant, or for Ed Gracely as consultant, have been funded over the years. I have not kept a complete list of these. In 2008 the department received over \$3,000 from one grant for consulting with Dr. Carla Campbell on educating parents about lead hazard reduction.
