**Student Newsletter**  
May 7, 2007

## STUDENT NEWS

Welcome to the first electronic newsletter for students in the School of Public Health!

In order to consolidate the many emails that you receive from me, and others, on a daily basis, we have decided to, instead, send a biweekly newsletter that summarizes news for students, job/internship opportunities, and important events and lectures. Periodically, things will emerge that require a special edition of this newsletter, but we anticipate sticking to publishing the newsletter every other Monday as best we can.

In addition, the newsletter will be archived on the School's website here:

Please contact me with questions – I will serve as the primary author of the newsletter. We hope this effort makes your lives, as students in the School, easier and more productive.

Best,

Marcus

# JOB/INTERNSHIPS

Internship with the New York City Department of Health and Mental Hygiene's Community Relations Unit

Want to be in New York City for the summer... in a great internship that will make a difference? The New York City Department of Health and Mental Hygiene's Community Relations Unit works to build strong partnerships between community stakeholders and one of the largest public health departments in the country. We also work to strategically disseminate information on a grass-

roots level to New York City 's distinct and diverse communities. This communication is particularly critical in our ability to prepare and respond to emergency incidences. We have a PAID student internship position that will last from June to August. The Emergency Preparedness Intern will assist the unit in assessing the Health Department's contact database system needs and working on compiling a database of community stakeholders (community – based organization, health care professionals, social service providers, etc.) across New York City. An ideal candidate will possess strong organizational and analytical skills, with an interest in public administration, public health, community relations, information technology and/or emergency preparedness. Students with experience in database management or strong computer skills are highly desired. To apply, please send a cover letter and resume to Mr. Erik Paulino, at [epaulino@health.nyc.gov](mailto:epaulino@health.nyc.gov). For questions, Mr. Paulino may be reached at (212)442-9140

#### HEALTH POLICY STUDENT TRAINEESHIP PROGRAM

Central Valley Health Policy Institute (Fresno, California)

The program seeks to support career development for Master's and pre-dissertation doctoral level students by providing an opportunity for supervised participation in an inter-disciplinary applied health and human service research setting. To meet these objectives, up to three Health Policy Research Student Trainees will be selected for 2007. Health Policy Research Student Trainees will receive up to \$2500 for participation in the program. Participants may work on a part-time basis throughout the year or on an intensive basis during the summer.

APPLICATION DEADLINE: May 16th, 2007

"Is Camden Still Burning?  
The Role of Applied Public Health in the Rebirth of an American City"  
Stanton Miller, MD  
Our Lady of Lourdes Health System, Camden NJ

We invite you to attend our next Drexel/Health Partners Grand Rounds featuring Stanton Miller, MD, of our Lady of Lourdes Health System in Camden, NJ, on **Thursday, MAY 17, 2007 at 4:30 PM**, in the **Geary B Auditorium (245 N. 15<sup>th</sup> St, 1<sup>st</sup> fl)**. The lecture is also available via **live videoconference** from the **Queen Lane Microbiology/Immunology Conference Room (G46)**. This will be the final Public Health Grand Rounds lecture of the 2006-07 series.

Dr. Miller is a surgeon at Our Lady of Lourdes Medical Center, where he incorporates the big picture of healthcare into his everyday work -- watching out for patient rights and ensuring the quality of medical treatments. Dr. Miller holds an advanced degree in public health policy and has earned the designation of Scholar at the Mid-Atlantic Health Leadership Institute of the Johns Hopkins University Bloomberg School of Public Health. At Our Lady of Lourdes Medical Center, he also devotes time as a volunteer physician to the community-based Osborn Family Health Center, where he provides medical care to the uninsured residents of Camden County.

This is a CME approved program.

The lecture is part of the Drexel-Health Partners Grand Rounds Lecture Series. Please share this announcement with others who may be interested in attending. Thank you in advance for your support!

For more information on the lecture and Grand Rounds series, please call (215) 762-4110.
